Let Me In

One two three four open up the back door
let me in your heart again let the game of love begin
lying in our warm bath me inside your willowed path
no one do me quite like that I want for you to take me back
let me in let me in

one two three four open up the back door
stronger than an ox she was and blow what courage
lying in our warm bath me inside your willowed path
no one do me quite like that I want for you to take me back
let me in let me in let me in let me in

I saw you with that boy
now I don't mind
cause I know I'm better than him
no I don't mind

I saw you kiss that boy
now that I did mind
still I know I'm better than him
now that I don't mind

one two three four open up your back door
let me in your heart again let the game of love begin
lying in our warm bath me inside your willowed path
no one do me quite like that I want for you to take me back
let me in let me in let me in let me in.
