One lover

Last night I fingered thru your hair  
we danced our dance as though we were lovers  
stand in my body I'm your river  
last night I fingered thru your hair  
there goes my shadow do I stay in your arms  
are you my lover  
are you the one

last night I dreamt about you lover  
your lasting kisses I desire  
I hold your body and I quiver  
stand in my body I'm your river  
there goes my shadow do I stay in your arms  
are you my lover  
are you the one

last night I dreamt about you lover  
your lasting kisses I desire  
I hold your body and I quiver  
stand in my body I'm your river  
there goes my shadow do I stay in your arms  
are you my lover  
are you the one  
are you my lover  
are you the one.
