## Please Stay The Night

I saw you there you were standing by in your lonely world  
I never thought that I would see you there but I was wrong  
and I'm feeling all right never told you what I want  
ooh maybe you just don't care

I love you I need you need to feel you now  
I want to tell you I need you  
I just want to let you in on a secret

please stay the night  
I want to tell you that I'm feeling lonely  
please stay the night  
but what I say may not come out right

I saw you standing at a corner street back in Merrillville  
I want to tell you that I meant to give you every world  
and I'm feeling all right and baby I'm out of sight  
ooh tell me don't you think so

I love you I need you need to feel your love  
I want to tell you a feeling  
It's just not believing it's just a feeling

please stay the night  
I want to tell you that I'm feeling lonely  
please stay the night  
but what I say may not come out right

please stay the night  
I want to tell you that I'm feeling lonely  
please stay the night  
but what I say may not come out right.
