So Satisfied

I wanna take you here and there
I wanna be the wind that blows your hair
I wanna feel like we're both alive
I wanna keep you so satisfied

you can be my ride
I'll keep you satisfied
I'll keep you warm at night
I'll keep you satisfied
wah wah wah wah wah wah

I wanna be the only one you desire
I wanna touch your soul set it on fire
I wanna look right into your eyes
I wanna keep you so satisfied

you can be my ride
I'll keep you satisfied
I'll keep you warm at night
I'll keep you satisfied
wah wah wah wah wah wah

I wanna give you most everything
I wanna be the wind below your wing
I wanna keep you so mystified
I'm gonna keep you so satisfied

you can be my ride
I'll keep you satisfied
I'll keep you warm at night
I'll keep you satisfied
wah wah wah wah wah wah.
