

words and music
by
Joel Justin

We can never be.

We can never be friends we can never be lovers again
there's a change in my heart that will take us apart at the seams
and it's not up to me oh I hope you can see it's my life
and it's not up to me oh I hope you can see it's my life

We can never be friends we can never be lovers again
there's a change in my heart that will take us apart at the seams
and it's not up to me oh I hope you can see it's my life
and it's not up to me oh I hope you can see it's my life
we can never be friends we can never be.
